[Muslim Extremists Exploit Coronavirus to Promote Terrorism, Hate; and Other Muslims that Need the World's Help](#) [4]

Summary:

- According to the report, the Muslim Brotherhood and ISIS have, through a number of fatwas, called on Muslims to produce "human biological weapons" to attack the enemies of Islam.
 - In addition, 35% of the fatwas judged that the outbreak of the virus underscored the need for women to wear the niqab.
 - The report noted that Islamist cleric Osama Hijazi recently claimed that wearing the niqab is an "effective treatment" for the coronavirus.
 - The bad news is that extremist Muslims and their allies are again exposing their contempt for human life, including the life of Muslims who oppose their ideology, terrorism and jihad. These are the Muslims that urgently need the world's help.

Summary:

- The plight of Christians living under the Palestinian Authority in the West Bank and Hamas in the Gaza Strip is one that is often ignored by the international community and foreign journalists based in the Middle East.
 - It is worth noting that that the Christian population in the Bethlehem area has dropped from 86% in 1950 to less than 12% today. Across the West Bank, Christians now account for less than 2% of the population....
 - In the Hamas-ruled Gaza Strip, the situation of Christians is even worse.

News Date:

Summary:

- It is worth noting that the published statements made in the past few days by the Fatah group in the Gaza Strip are almost entirely consistent with the Hamas ideology [of replacing Israel with an Islamic state through violent jihad (holy war)].
 - "We will continue the struggle until the liberation of the entire Palestine lands from the filth of the Zionist occupation." - Fatah, Kataeb Shuhada Al-Aqsa - Liwa' Al-Shaheed Nidal Al-Amoudi, November 13, 2019.

Israel

News Date:

13/11/2018

Summary:

- The renewed Hamas attacks on Israel serve as a reminder that the terrorist group is not interested in a real truce. Hamas wants millions of dollars paid to its employees so that it can continue to prepare for war with Israel while not having to worry about the welfare of its people.

[Palestinians: "Burn the Jews!"](#) [12]

Summary:

- There are two important factors that the international community needs to notice regarding the fire kites that the Palestinians are sending to Israel from the Gaza Strip. First: those who are launching the kites are making it clear that their ultimate goal is to kill as many Jews as possible and bring about the obliteration of Israel. Second: the Palestinians see all Jews living in Israel as "settlers."
 - The Palestinians are now also telling us that the terror kites they are sending to Israel accord with what the Quran orders Muslims to do in the fight against the "infidels." They apparently see the flaming kites as part of the jihad (holy war) against the enemies of Allah and Islam.
 - "We want to set fire to Israel so that the Jews will be burned or forced to leave their country." -- Abu Al-Majd, terrorist.
 - The jihad of the Palestinians against Israel is the same jihad that ISIS, the Muslim Brotherhood and other Islamic jihadi groups have also been waging on the "infidels" and "enemies of Islam" in the US, EU and other non-Muslim countries. We are witnessing a well-organized campaign of terror orchestrated by terrorists and activists belonging to Hamas and other Palestinian groups in the Gaza Strip.

[The Islamic Jihad and Peace with Jews](#) [14]

Summary:

- On the face of it, the anti-normalization campaign appears driven by political motivations. However, it turns out that there is also a powerful Islamic angle to this campaign of hate, which is aimed at delegitimizing Israel and demonizing Jews.
- The Palestinian anti-normalization "enforcers" do their utmost to conceal the Islamic aspect of their campaign. They are not eager for the world to know that Islam supplies much of the ideology and justification for their anti-Israel activities.
- *Fatwas* (Islamic religious decrees) and statements issued by leading Muslim scholars and clerics have long warned Muslims against normalization with the "Zionist entity." Such normalization, they have made it clear, is

considered an "unforgivable crime." The authors of these hate messages are not opposed to normalization with Israel because of settlements or house demolitions, but rather because they believe Jews have no rights at all to *any* of the land.

- In 1989, more than 60 eminent Muslim scholars from 18 countries ruled that it was forbidden for Muslims to give up any part of Palestine.
- The vicious campaigns to boycott Israel and Jews, while political in dress, are in fact deeply rooted in Islamic ideology.
- These campaigns are patently not a legitimate protest. They are not even part of an effort to boycott Israeli products or politicians and academics. The real goal of the campaigns is revealed in the words of the Muslim leaders: that Jews have no rights whatsoever to the land, and must be targeted through jihad as infidels and enemies of all Muslims and Arabs
- Settlements, checkpoints and fences are irrelevant; Muslim scholars want Jews off what they define as sacred Muslim land. Supporters of BDS and the anti-normalization movement would do well to consider this fact. Failing to do so is tantamount to aiding and abetting Muslims to destroy Israel, and kill as many Jews as possible in the process.
