Summary:

Hughes is not happy with the way the media has treated the story. Details are randomly pulled from his interviews and entire angles are edited in later that are diametrically opposed to his beliefs. Jesse Hughes has been [ordained as a minister by the Universal Life Church](#) [4]. He's pro-gun, pro-Trump, and pro-life. He recognizes that Islam is the problem and political correctness is literally killing us.

.....

They were in the venue early. That implies some staff were in on it.

I got in a lot of trouble for [saying that](#) [5]. I know for sure that they were in there early. I remember them staring at my buddy. I just chalked it up to Arab envy. You know what I mean? When a Muslim sees a cocky American dude with tattoos, he stares at him. I realized later it was [Abdeslam](#) [6] and he was staring at my buddy because they thought he was a threat. There's no denying the terrorists were already inside, and they had to get in somehow. During the shooting I went outside and the backstage door was propped open. How did that happen?

.....

Definitely. There were two girls who were involved. They were at the venue and vanished before the shooting, and these women were in traditional Muslim garb. They knew people wouldn't check them because of the way they were dressed. They got caught a few days later.
