**Summary:**

Sharia as practiced is not divine, and divine by definition should be flawless; Sharia laws cannot be divine by any stretch of the imagination. It was a body of law created by men with the intent of serving justice to fellow beings. Our own Constitution is a human effort and has been amended 27 times to correct the flaws. To err is human and Sharia law has major flaws that need fixing in order to reflect God's law which cannot be anything but justice, fairness, kindness and mercy.
