No surprise here. The Qur'an depicts the Jews as inveterately evil and bent on destroying the well-being of the Muslims. They are the strongest of all people in enmity toward the Muslims

As with so many applications of Islamic law, we see here again that it is an empire of fear, with virtue enforced by draconian punishments that make people too afraid to step out of line. Behind the Islamic moral critique of the West is not genuine virtue, but people cringing in fear of getting arrested, or even of being lashed, getting their hands amputated, getting stoned to death, etc.

This is no surprise. Non-Muslims paying for the upkeep of Muslims is a Qur'anic dictate:

*"Fight those who believe not in Allah nor the Last Day, nor hold that forbidden which hath been forbidden by Allah and His Messenger, nor acknowledge the religion of Truth, (even if they are) of the People of the Book, until they pay the Jizya with willing submission, and feel themselves subdued" (Qur'an 9:29).*

We have seen jihad attacks on churches during services in Sri Lanka, Egypt, and elsewhere. And now this. Don't expect coverage anywhere close to the level given to the mosque attacks in New Zealand.

**Summary:**

"The four men - who were jointly jailed for a total of 75 years - received nearly £800,000 in legal aid during the case."

How much money did Tommy Robinson receive in legal aid? Right: none. The British government aids and abets jihad mass murderers and would-be mass murderers while hounding and persecuting foes of jihad terror. And there is no end to this madness, which is actively opposed only by a tiny minority that the British establishment

media has relentlessly demonized. Britain is, in a word, finished.

This must be some mistake. Macron, like virtually every other Western leader except for President Trump, is smugly certain that Islam and jihad have nothing whatsoever to do with terrorism. It's more likely that this was just an oversight that will soon be corrected amid a cascade of charges of "Islamophobia."
