[The Only Muslim Who Matters Is Muhammad](#) [3]

**Summary:**

Now, back to Islam, and more importantly, to Muhammad.

Those who criticize Islam do not often realize it, but we stand with a drawn arrow next to the Achilles heel of Islam. It is almost funny to see Islamist apologists attempt to use the No True Scotsman fallacy - when Muhammad *invented Scotland and crowned himself the king of the Scots!* There have been hundreds of thousands of words written about Muhammad and his teachings. I am not a religious scholar, nor do I need to be. I only need to know a couple of things about Muhammad to make my arguments.

One, that [Muhammad was and is the perfect human example of Submission to Allah.](#) [4]

And two, that Muhammad committed acts that should be condemned by the entirety of civilized society. A few examples: [Muhammad was a](#) [5] [Jihadist](#) [5] [war lord](#) [5], [married Ayesha at the age of six and consummated their marriage when she was nine \(he was 51\)](#) [6], [had sex slaves and permitted his followers to do so](#) [7], [beheaded and tortured his opponents](#) [8]... the list goes on and on.
