### Date Published:

Monday, 9 July, 2018

### Summary:

- The approach the British authorities have taken in response to this national disaster appears largely based on countering secondary issues -- most notably, individuals that protest the grooming, including at one point the arrest of parents attempting to rescue their daughter from her abusers.
- There also seems to be a tacit alliance with much of the media to silence public discourse and, when all else fails, outright suppression.
