Admin: Council of Europe:

" non-Muslims do not have the same rights as Muslims in civil and criminal [sharia] law" which is no different to the Nuremberg laws used by the Nazis against the Jews.

The [conviction of yet another Muslim rape gang](#) [10] recalls [the dispiriting tale of Ella Hill](#) [11]: "As a survivor of

the Rotherham grooming gang, I am scared by racism and hate crime in Brexit Britain.” Here, alas, we go again.

She’s “scared by racism” and “hate crime”? Does she mean “racism” toward Muslims, which does not exist except in the minds of apologists for Islam? Or does she mean the “racism” of her Muslim tormentors, who targeted her not for anything she thought or had done or wanted to do against them, but only because she was a white English girl?
