[About This Book](#) [17]

Why would a Non-Muslim want to read the story of Mohammed?

Mohammed's life story is the key which unlocks the complexities and confusion of the Islamic religion itself. Understanding his story provides a clear insight into Islam and the incredible importance this subject holds for our future.

This is also the most amazing story never told. It is said that truth is stranger than fiction and you just could not have made this up. There are battles, murders, intrigues, rapes, assassinations, torture, intimidation, and much much more. Along the way Mohammed invented Jihad, the most effective system of conquest ever devised. This amazing book reads like an adventure story and brings the Islamic perspective to life in a way that is both fascinating and informative.

Millions of people, both Muslims and non Muslims are tragically affected by aspects of Islam. More than 95% of all wars and armed conflict today involve Muslims. Muslims also suffer some of the highest rates of poverty, disease, hunger, illiteracy, environmental degradation and many more crippling disadvantages. By tackling the subject head on, this book gives the reader the ability to consider and discuss this subject from a position of knowledge, understanding and truth.
