Summary:

Sharia is always the filter through which the un-Islamic world must understand leaders of the Islamic world.

In his opening remarks the Prince stated: "The biggest threat from terrorism and extremism is not only killing innocent people and spreading hate, but tarnishing the reputation of our religion and distorting our belief."

Applying the rule that sharia (Islamic law) is the filter through which we must translate the Prince's comment, we get:

"The biggest threat from the killing of muslims for non sharia-prescribed reasons and moving the Islamic Movement along too quickly is not only the unlawful killing of muslims and the spreading of un-Islamic ideas, but the reduction of Islam's ability to deceive the infidels in order to spread sharia."
