[Muslim gave Islamic State encryption training online from his bedroom in Wales](#) [2]

Country:

United Kingdom (UK)

News Date:

01/05/2017

Summary:

Where did Samata Ullah learn his understanding of Islam? Are British authorities looking into that? Have they visited his local mosque? Why not?

A paranoid Welsh Muslim who wore gloves while typing on his laptop, admitted being part of Islamic State, and, gasp, harbored a copy of Linux Mint, has been described as a “new and dangerous breed of terrorist.”

[Third of France’s Young Muslims Hold Fundamentalist Religious Views](#) [4]

Country:

France

News Date:

21/03/2017

Summary:

A study looking at the prevalence of radical ideology among high school students has found that French Muslims are much more likely to tolerate violence and to hold fundamentalist religious views than other pupils. The National Centre for Scientific Research (CNRS) [study](#) [5] involved more than 7,000 students, aged between 14 and 16, who were studying at 21 schools and four academies in France.
