## Summary:

A top Imam has told Muslims to use the migrant crisis to breed with European citizens and 'conquer their countries'. Sheikh Muhammad Ayed gave the speech at the Al-Aqsa Mosque in Jerusalem claiming Europe was only welcoming refugees as a new source of labour. He said Europe was facing a demographic disaster and urged Muslims to have children with westerners so they could 'trample them underfoot, Allah willing.'

## Summary:

Migration is part of the doctrine of jihad. Migration is so important that the Islamic calendar is based upon the Hijra, Mohammed's migration from Mecca to Medina. Why? Because it was migration that led to the creation of jihad in Medina. And it was jihad that made Islam triumphant.

In the past Muslims tended to stay in Islamic countries. Today, the new politics is to migrate to Kafir lands and immerse themselves in local politics. This is the jihad of money, writing and speech. Their politics is to bring the Sharia to Kafir culture. An example is using Islamic money is to build departments in universities that will support Sharia and never criticize Islam.

**Country:**

United Kingdom (UK)

**News Date:**

**Summary:**

The Muslim population of the UK is set to triple in 30 years, according to projections from the Pew Research Centre. Under the model which assumes median migration levels, the number of Muslims in the country would rise from 4.1m in 2016 to 13m in 2050. The US-based think tank says that the UK has been the major destination for economic migrants coming to Europe, while Germany has been the top destination for refugees.

**Summary:**

- During the next thirty years, the population of Africa is expected to increase by one billion.
  - The French economist Charles Gave recently predicted that France will have a Muslim majority by 2057 -- and this estimate did not even take into consideration the number of expected new migrants.
  - No doubt, Africa's exploding population will try to reach the shores of a wealthy, senile Europe, which is already undergoing an internal demographic revolution. Europe, to retain its culture, will need to make hard-headed decisions, not just amuse itself to death. The question is: Will Europe protect its borders and civilization before it is submerged?

**Summary:**

- The sheer volume of polygamous marriages shows that such marriages are also entered into in Europe, in secret, through Islamic marriage ceremonies conducted by imams. In most European countries, imams are not required to report these marriages to the authorities.
- Daham Al Hasan fled from Syria to Denmark, leaving behind his three wives and 20 children. Under the Danish rules of family unification, one of his wives and eight of his children have joined him in Denmark. But Al Hasan wants all his children with him, as well as all his wives. Lawyers estimate that the remaining wives will be able to

join their children in Denmark. The case has caused a shock not only because of what it will cost the Danish state just in child allowance, but because Al Hassan claims that he is too ill to work or even learn Danish. "I don't only have mental problems, but also physical problems..." He has admitted that his "mental illness" consists of missing the children he voluntarily left behind.

- Even if theoretically women can go to the police or press charges, they run the risk of being beaten or possibly divorced. Women's shelters are "full of Muslim women."
- The spokeswoman of Germany's Federal Employment Agency said that the establishment of a central registry of Islamic marriages would be helpful for investigating claims of fraud.

[9/11 mastermind: Al-Qaeda now favors immigration and "outbreeding non-Muslims" to destroy US](#) [26]

**Summary:**

"Muslim terror groups had a much bigger plan to crush America than just through attacks like 9/11. Instead, the plan is to fill the country with like-minded Muslims through the country's easy [immigration](#) [27] laws and by having babies, and then using the U.S. legal and welfare system to turn the country into a system like Iran."

"Warming to the topic, KSM smiled and said the media, either on purpose or without realizing it, would promote Islam's cause and champion tearing down the measures put in place to protect the American people after 9/11. He said the media would promote al-Qaeda's cause by framing the war against Islam (his characterization, not mine) as morally wrong, impossible to win, and fraught with unacceptable losses. He said the media's response was one of Allah's 'gifts,' one of the ways Allah preordained for Americans to set aside those things which kept us safe and prevented attacks in the immediate aftermath of 9/11."

This is so close to what actually happened that it sounds like prophecy-after-the-fact. Or maybe Khalid Sheikh Mohammed is an unusually insightful human being. In any case, this is exactly what is happening.
